

## ELLEEBANA LASH LIFT EVOLVED COURSE

**OVERVIEW:** Elleebana's One Shot Lash Lift Treatment is the hottest trend in the eyelash industry, creating lusciously lifted, natural lashes that last for weeks - all in the blink of an eye. Our course offers detailed lash lifting information as well as exclusive tips to master your technique and achieve the perfect lift each and every time. Our theory element includes product knowledge, understanding of the delicate eye area that you are working with, contraindications and how to consult for this treatment. We will guide you through the cost and income potential of lash lifting to build your marketability. You will experience working on a model under the careful guidance and instruction of our Master Trainer. We offer this course with over 23 years' experience in lash and brow services. The Elleebana Lash Lift Treatment is one of the fastest on the market and previously trained students might find some similarities between the treatment but our comprehensive Lash Lifting Evolved 2019 Class is assured to offer more understanding of lash lifting treatments than ever before.
